

September 19, 2017  
Lee County Electoral Board minutes

All members present, General Registrar, Patsy Burchett also present.

The board met to review and prepare for the November 7, 2017 General Election. Election Officials were discussed. There are some vacancies but the Board is working on them.

Office space is still being discussed, no word from the Board of Supervisors.

GR Burchett told the Board all the New Voting equipment had been ordered.

Patsy Burchett, GR told the Board Allison Robbins GR from Wise County had called and her office has 12 cages used to carry election equipment and would like to sell them for \$200.00 each. It was decided Garry and Patsy should go look at them. This is a very good deal.

The Board discussed how they were going to move the voting machines to the Precincts for Election Day. A truck from the landfield is not available as previously thought. Chairman Williams said he would check on getting a U-Haul or truck to move them with.

With no other business the Board adjourned until October 4, 2017 @ 11:30 AM
