The Lee County Board of Supervisors held a Public Hearing on December 19, 2017 at 6:00 p.m. in the General District Courtroom of the Lee County Courthouse located in Jonesville, Virginia to solicit input on a Rezoning request. Carl Capps has requested to rezone property that is currently zoned R-1, Residential (Single-Family Residential) to M-1, Manufacturing (Limited Industrial). The property is located on the east side of Rte. 724 (Sand Cave Rd.) approximately 0.50 miles north of U.S. 58 (Wilderness Rd.) in the Ewing Community and consists of .95 acres of land (Tax Parcel 63A-(6)-134-137, 134A-144A and a portion of Parcel 63A-(6)-TR3). The property adjoins other M-1 zoned property.

#### SOLSMART COMMUNITY DESIGNATION PROGRAM LYDIA GRAVES APPALACHIAN VOICES

Lydia Graves addressed the Board about the SolSmart Community designation program. The SolSmart designation program will provide high profile, national recognition for communities that have made it cheaper and easier for solar customers to invest in solar energy. \_\_\_\_\_

Mr. Cope asked who would dictate which businesses would have to sign up for this program.

\_\_\_\_\_

## SCOTT COUNTY RESOLUTION REGARDING TRANSPORTATION FUNDING

Mr. Poe stated that last month the Board was presented with a resolution adopted by the Scott County Board of Supervisors requesting the Virginia Department of Transportation Bristol District be given latitude in using primary road funding for improvements to secondary roads. At the Board's request, Mr. Poe prepared a similar Resolution for their consideration.

-----

Mr. Cope asked if this would provide any leeway for VDOT.

\_\_\_\_\_

Mr. Poe stated that the General Assembly would have to approve this specifically for a district or County and he is not sure if they could do that with federal money. He added that he has mixed feelings about the Resolution because of discretion in districts and who would determine how much money would be shifted into primary roads.

\_\_\_\_\_

Mr. Cope stated that this end of the state has more secondary roads.

-----

Mr. Leonard stated that the state would be getting the secondary road maintenance back this year instead of it being contracted out.

Mr. Poe stated that maintenance of the secondary roads system is based on guidelines and a priority schedule based on usage of the road.

\_\_\_\_\_

It was moved by Mr. Cope, seconded by Mr. Mosley, to adopt Resolution 17-024. Upon the question being put the vote was as follows.

## RESOLUTION OF SUPPORT FOR VDOT FUNDING FLEXIBILITY 17-024

**WHEREAS,** the Commonwealth of Virginia is very diverse in its geography and, as a result, its transportation system; and

**WHEREAS,** the Virginia Department of Transportation operates under guidelines set forth by the Virginia General Assembly; and

**WHEREAS,** all counties of Virginia, regardless of their differences in transportation needs, are subject to the same guidelines; and

**WHEREAS,** the Virginia Department of Transportation has reduced its workforce significantly during recent years; and

**WHEREAS,** transportation funds for construction and maintenance have been severely reduced in recent budgets; and

**WHEREAS**, rural counties face challenges in road construction and maintenance not necessarily found in other areas of the state; and

**WHEREAS**, rural counties are unique in their high proportion of secondary roads as compared to primary roads; and

**WHEREAS**, these rural counties are searching for solutions to the problem of maintenance and construction of secondary roads;

**NOW, THERFORE, BE IT RESOLVED,** the Lee County Board of Supervisors does hereby support the idea of flexibility of the rural districts of the Virginia Department of Transportation to transfer funds from primary road construction and maintenance to secondary road construction and maintenance, as needed, to enhance the efficiency and service of VDOT to the citizens of rural counties; **BE IT FURTHER RESOLVED,** this Board calls upon the Virginia General Assembly to adopt legislation to restructure the guidelines under which VDOT operates to better meet the needs of these rural counties.

#### \_\_\_\_\_

#### **CREEKWOOD SUBDIVISION ADDITION TO SECONDARY SYSTEM**

## STONE FACE ROCK LIGHTING REQUEST

Mr. Poe reported that the Pennington Gap Town Manager, Keith Harless, has requested the County's assistance with re-lighting Stone Face Rock for night viewing. Several years ago, the County offered to help the Town with this project but nothing happened. In 2013, two board members were appointed to a committee to work with the Town on this matter with still no results. Mr. Poe has not found anything in the minutes as to the specific offer, but it was discussed. Mr. Harless stated that the County offered to pay for the materials and the Town was to pay the monthly electric bill. The Town has purchased three lights, a pole and electrical switchgear at a total cost of \$2,700 and it will be installed by town employees. Since there has been a significant time lag, Mr. Poe advised that this would have to be brought back to the Board for approval.

-----

\_\_\_\_\_

It was the consensus of the Board to discuss this in Closed Session.

-----

## **SHERIFF'S OFFICE COPIER REQUEST**

Mr. Poe reported that the Sheriff's Office is requesting to use Compensation Board vacancy savings to purchase a new copier for their office. Their current machine is five plus years old and is constantly having problems with the document feed system. In order to use the Compensation Board funds for equipment, the County must provide the fiscal stress match. Currently the County's fiscal stress would be \$.2228 per dollar.

Bids were received as follows:

John Co. Inc.	<u>Copier Only</u>	<u>Copier&amp;</u> Maintenance
Kyocera TASKalfa 4002i	\$4,626.91	Maintenance
\$.0088 per copy service/maintenance cost

Based on the five-year cost, the Konica Minolta Bizhub from Ti-City Business Machines will be the lowest overall cost. Any annual usage of greater than 4,000 favors the Tri-City Business Machines proposal.

\_\_\_\_\_

It was moved by Mr. Cope, seconded by Mr. Leonard, to approve the purchase of a copier from Tri City Business Machines in the amount of \$4,663.00 with the County's fiscal stress factor of \$1,038.92. Upon the question being put the vote was as follows.

\_\_\_\_\_

#### **REPORTS AND RECOMMENDATIONS OF THE COUNTY ADMINISTRATOR**

#### **REQUEST FOR STORAGE BUILDINGS**

Mr. Poe reported that the County needs a suitable space to store hazardous spill containment and cleanup supplies and E-911 street sign supplies. With completion of the new Transfer Station facility, this need is more apparent. Based on the materials normally on hand, or needed, Gary Collingsworth has determined a 10'x20' storage building would meet this need.

There is also a need for a storage building to house Litter Control and Recycling items that are not used full time. Mr. Collingsworth believes that an 8'x16' storage building should meet this need as well. Cost for these two building, if ordered together from Timberline Barns would be as follows:

10'x20' Utility Building	\$3,095.00	
8'x16' Garden Shed	\$1,939.00	

Mr. Poe stated that the cost of the larger building could be split between the Emergency Services and E-911 departments. The cost of the small building could be charged to budgeted funds in Litter and Recycling.

It was moved by Mr. Cope, seconded by Mr. Smith, to approve the purchase of the two buildings from Timberline Barns for a total amount of \$5,034.00. Upon the question being put the vote was as follows.
