	The County Administrator reports that p	payroll warrants have been issued.

APPROVAL OF DISBURSEMENTS

It was moved by Mr. Flanary, seconded by Mr. Kidwell, to approve the disbursements for the month of October in the amount of \$417,082.96. Upon the question being put the vote was as follows.

VOTING AYE: Mr. Flanary, Mr. Kidwell, Mr. Leonard, Mr. Shoemaker, Mr. Waddell

DELEGATIONS
FEMA
Carly Janiszewski, Intergovernmental Affairs Specialist, stated the deadline for individual assistance applications is December 2 nd and Disaster Survivor Assistant (DSA) has wrapped up but in person opportunities are available such as Disaster Recovery Center (DRC) with one being in Scott County. Affected persons can call, go to disaster assistance.gov or download the app to get updates on their application status.
Mr. Waddell asked how many claims were submitted from Lee County.
Mr. Wright stated to date 76 claims for individual assistance was reported from Lee County residence.
There was a discussion about the effects of Hurricane Helene in the County.
DISASTER AND RECOVERY RELIEF

Jim Accurso, Public Affairs Specialist with the Small Business Administration Office of Disaster Recovery and Resilience, has been present in the County as a result of Hurricane Helene. He stated they are in the FEMA Disaster Recovery Centers offering a long term low interest Disaster Loan Program for home owners, renters and businesses with a December 2nd deadline to apply. He stated they also offer Economic Injury Disaster Loans for businesses that had a setback due to the storm with a deadline of July 1, 2025. He encouraged people to come into the recovery centers with the nearest one being in Duffield or apply online.

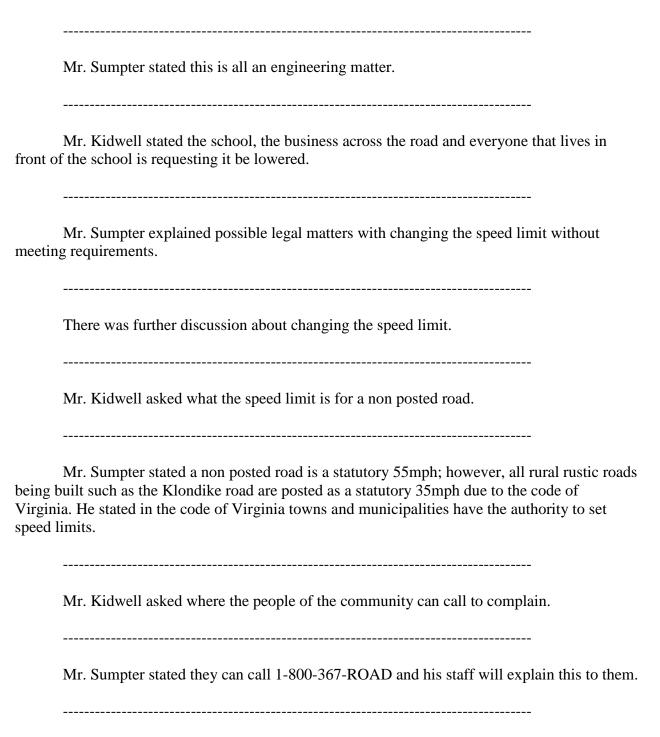

VDOT UPDATE

Allan Sumpter, Residency Administrator for the Virginia Department of Transportation Wise Residency, provided handouts and gave a quarterly update on current projects. He reported that VDOT has been involved with clean-up from Hurricane Helene. Out of the 2 headquarters in Lee County, Ewing and Dryden, the Dryden area was hit the hardest. The Ewing area had about 200 trees down, around 1,200 down in the Dryden area and about 23,000 cubic yards of debris was removed from the County. VDOT crews from the eastern part of the state assisted with the clean-up.

Mr. Sumpter reported on the roads stating that routes 625,766,661 and the patchwork on 606 have been completed along with the entrance at Thomas Walker and the Klondike project. Future projects include 603 Backvalley and 604 Blackwater that will begin in the spring and summer.

Mr. Waddell asked if 603 will be taken to the Tennessee line.
Mr. Sumpter stated he doesn't have that information with him but thinks that is the case
Mr. Kidwell asked about the speed limit change in front of Thomas Walker.
Mr. Sumpter stated the traffic engineers were not able to do that due to not meeting the for reduction of the speed limit.
Mr. Kidwell asked what the criteria entail.
Mr. Sumpter stated the primary criteria is based on the 85 percentile speed and the at ratio that has occurred and if by reducing the speed it would reduce the number of
Mr. Kidwell stated there have been several accidents there and asked if the concerns of

the community matter.

Mr. Sumpter referred to the report that was handed out to the Board and explained the 2024 pavement schedule work that was performed such as re-sealed and repaved roads. He stated superintendants have submitted the scheduled work requests for next year from the Ewing and Dryden offices for roads they feel need to be resurfaced. Those road requests will be evaluated and scored and based on that score, if it falls below 60, it meets the criteria to be resurfaced. He asked if the Board has any requests for him to check on.

road ha	Mr. Leonard asked if they can fill in the hole between Appalachia and Keokee where the as fell in.
-	Mr. Waddell stated he would like to see the bush hog run 24/7 if VDOT has the man also at Hurricane Bridge someone has been dumping brush and asked if the County it up can they put a guardrail up.
	Mr. Sumpter stated he will ask but at least they can put no dumping signs up.
carcass	Mr. Waddell asked how much time VDOT spends in the County picking up animal ses.
aware (Mr. Sumpter stated if they are in a travel lane they try to pick them up upon becoming of it and if they are on the side of the road they are trying to make a weekly run.
	Mr. Waddell stated he would like to schedule a hearing with the public and present ning to the game commission to try to reduce the amount of deer and sex of deer to try to te the deer problem.
	Mr. Wright stated he would like for VDOT to look at the intersection by the courthouse. rised we have had 3 incidents with tractor trailers getting hung up this past week with one urning over.
	Mr. Sumpter stated they will look at this matter.

Mr. Flanary asked if the road in the Dryden Heights area off of Cherry Tree that turns down into Eden's Drive is state maintained down to the gravel area.

Mi check on t	r. Sumpter stated he doesn't think the gravel part is state maintained he will have to his.
	r. Flanary stated VDOT has just completed some asphalt on that road and some citizen nere want to know when that will be completed.

Mr. Sumpter stated there is a section on that road he doesn't think is state maintained but he will check on this.

He spoke with Ms. Haley and she has a couple of roads she would like to bring into the state system. He sent her a link and will follow back up with her on the new edition process. Guidelines for this process include usage, must be over 20 years old and must be constructed to state standards. He stated the majority of our available funding goes to the rural rustic roads that are already in the system. There are different alternatives that other counties use for funding such as coal severance, which is a dollar for dollar match, revenue sharing or create a special tax district and apply for the matching revenue sharing.

LIBRARY OF VIRGINIA

Nan Carmack, Library of Virginia Director, provided handouts and discussed the benefits of Regional Libraries. She stated operating in a Regional Library offers more materials than a County can provide on its own, more user access and offers a broad spectrum of benefits.

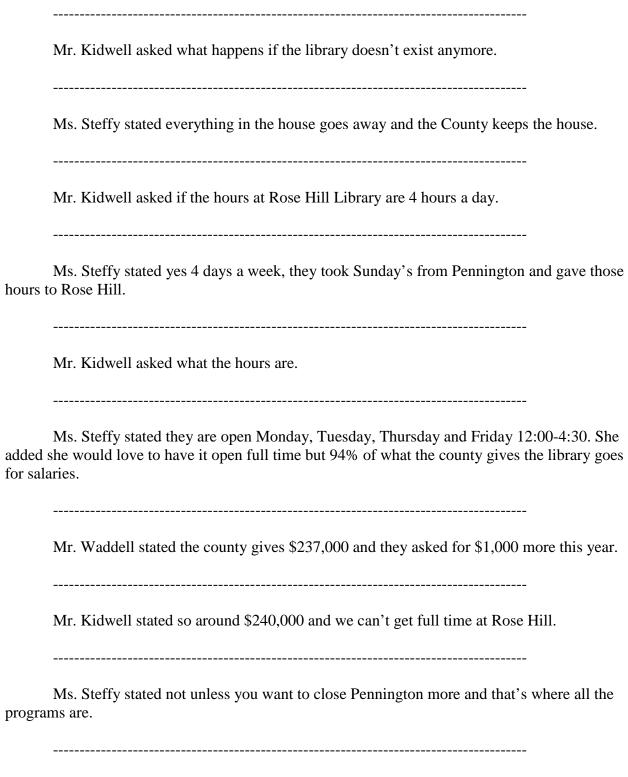

The Regional Library Code section 42.1-42 refers to the withdrawal from the Regional Library System. She stated the contract with the other localities states; no county or cities participating in the Regional Library System will withdrawal here from without 2 years notice to other participating counties and cities. She advised the letter sent to Ms. Steffy does not meet the requirement for withdrawal therefore the other Regional Library participants need to be informed. She explained the code section for State Aid Allocation 42.1-48 that articulates the State Aid formula along with the Virginia Administrative Code that dictates how the state operates in certain ways and how state aid is allocated. She stated the Regional Library is at the highest level of funding since the year 2000 at 91% of full funding and the General Assembly has committed to full funding by next year. The state recognizes that counties go through tough times and in the Administrative Code state aid can be retained if cuts are made across the board but if only the library is cut the state aid is at risk of being cut.

She stated on the Federal Funds side Lee County is in the target district for the Virginia State Broadband Equity Access Employment Grant (BEAG) in which the Library of Virginia would be hosting putting digital navigators in the community and that could be at risk if state aid is lost.

She gave a breakdown of the 2023 Lonesome Pine Regional Library Analysis stating the total expenditures are \$1,708,652 which serves a population of 101,922 people and Lonesome Pine receives \$613,182+/- in state aid in which \$70,000+/- is allocated to Lee County Libraries. This makes Lonesome Pine Regional Libraries median expenditure \$16.76 which is above the established median of \$14.48. She stated if Lee County went to an Independent Library the median would fall to \$9.10 below the required median and have 5 years to achieve median expenditure or would lose state aid until median could be met. She gave calculations for Independent State Aid for Lee County and the impact of withdrawal from Lonesome Pine Regional Library.

	Mr. Kidwell asked about Rose Hill Library not being open full time and the pay rate for a e Library Director.
stated a	Ms. Carmack deferred the question about the hours at Rose Hill Library to Ms. Steffy and full time director depends on the locality and the salary would range between \$60,000-0 and upwards.
county	Ms. Steffy stated the library has 2 full time and 3 part time employees and 94% of the money goes to salaries and the other 6% goes to run the building. She added they do not e money to hire anyone; therefore Rose Hill Library has 1 worker.
	Mr. Kidwell asked if the Rose Hill employee can't work full time.
	Ms. Steffy stated a full time employee has to have health insurance and retirement re it would cost salary plus \$13,000 and they don't have it in the budget.
	Mr. Kidwell stated when the house in Rose Hill was donated to the County it was in the ent to have a full time library.

Ms. Steffy stated for 2 years the library was to be open 40 hours a week but after that there weren't required to be open 40 hours per week.

Mr. Kidwell stated he lives 8 miles from Middlesboro and isn't going to drive to Pennington to go to the library. He believes it would help everyone if Rose Hill would have a full time employee.

	Ms. Steffy stated personnel takes 94.38% of the budget and the remainder is used for , water bills, office supplies, etc.
	Mr. Waddell asked if the County owns the library building.
	Ms Steffy stated yes both buildings.
	Mr. Waddell asked if the County is liable for maintaining the buildings.
	Mr. Wright stated yes.
	Mr. Kidwell asked if Lee County Schools help fund any programs at the library.
	Ms. Steffy stated no.
	Mr. Kidwell asked if they have asked the School Board to help fund some programs at nington Library.
hools	Ms. Stacy stated the library actually bought Tumble Books and ABC Mouse for the .
ıildin	Ms. Carmack stated it is typical for the counties to own and maintain the library gs.

would	Mr. Kidwell stated the school system uses the library more than the county does and you think they could mesh a little.
Virgini year an reneged She sta	Ms. Carmack stated the State Department of Education pulled out of a verbal agreement the cost for the Homework Help Now Live Tutoring Database. She stated the Library of a bought it and paid the first 2 years and the Department of Education paid the following at the subsequent years they agreed to split the cost and the Department of Education d. She stated the only reason they still have it was due to the relationship with the vendor. ted the Department of Education isn't interested in helping libraries on both the state level e public level.
	Mr. Kidwell stated the school is using the library building and they should ask for nsation.
	Ms. Carmack stated it is allowable to charge for outside groups.
	Mr. Kidwell stated there are huge grants to help pay for this type of service.
	Ms. Carmack stated salaries are expensive.
someth	Mr. Leonard stated most people don't understand the Board is faced with that also due to so many employees. He stated Mr. Kidwell brought up a good point and certainly ing to look at is people are not looking at all the resources that are available to help out library apparently is one of them.
	Ms. Steffy agreed.
	Mr. Kidwell stated Mountain Empire is using Thomas Walker at night for adult classes

Mr. Kidwell stated Mountain Empire is using Thomas Walker at night for adult classes and there's no reason they can't use the library at Rose Hill and they are willing to pay a little bit.

Ms. Carmack stated she wanted to make sure the Board has adequate information to base their decisions on.
HIGHER GROUND WOMEN'S RECOVERY
Joey Montgomery Barber stated they wanted to introduce themselves and inform the Board about a Recovery House for women they plan on opening in December. The Recovery House is a sober living environment for women and is basically a landing pad to help women get back on their feet. She stated we have no resources in Lee County the closest Women's Shelter is in Norton. She stated it's hard a lot of women have nowhere else to go so they get out of jail and rehab and go right back to where they came from. This will be a 100% zero tolerance program. They have paired with Mountain Empire for the GED program and the opportunity to get an associate's degree also. She stated they have partnered with the Extension Office to offer practical skills such as budgeting and cooking and also reached out to Lee Works Program and hope to partner with them in the future. She stated they have partnered with the Family Crisis Center in Norton and hope to open a small business for the lady's of the house to work at.
Joey Cantrell stated they will be signing the lease Friday and opening a business in Pennington for the women of Higher Ground to get work experience. They they are excited for the women and stated they are purchasing as many items as they can here in the County to give back as much as they can.
Mr. Waddell asked what type of business will be opened up in Pennington.
Ms. Cantrell stated selling thrift and second hand shop with a little bit of everything.
Ms. Munsey asked if the home will be open to just Lee County residence.

Ms. Cantrell stated the Recovery House is for Southwest Virginia and will not be just Lee County Residents but Lee County Residents will take precedence over other Counties.

many people per square feet of sleeping area and bathrooms. She stated possibly ten but they plan to start out with 3-5 and grow from there. They have hired a director and she will be star December 16 th . Ms. Munsey asked if a staff member will be in the home 24/7. Ms. Cantrell stated someone will work 8-4 or 9-5 Monday-Friday and if need be she wadjust her schedule and after hours most facilities are run by someone long term or stable in recovery who receives incentives such as a private room or living there at no cost. Mr. Waddell asked if surveillance cameras will be used to monitor what is being brou in and out of the house. Ms. Cantrell stated yes there will be surveillance cameras on each entrance into the house and in common areas. Also there will be a sheet to sign in and out, curfew, drug tests upon admission, random drug screening and drug screening for cause. Mr. Waddell asked about the consequences of a failed drug screening.		Mr. Leonard asked how many they can house at one time.
Ms. Cantrell stated someone will work 8-4 or 9-5 Monday-Friday and if need be she wadjust her schedule and after hours most facilities are run by someone long term or stable in recovery who receives incentives such as a private room or living there at no cost. E-911

It was moved by Mr. Shoemaker, seconded by Mr. Flanary, to approve the following Supplemental Appropriation in the amount of \$500.00. Upon the question being put the vote was as follows.

Revenue Source:

3-009-12010-0019	E-911 Donations	\$	500.00	
Expenditure: 4-009-31400-5560	Education Training	\$	500.00	
VOTING AYE: Mr. Fla	nary, Mr. Kidwell, Mr. Leonard, Mr	. Shoemaker,	Mr. Waddell	
	OLD BUSINESS			
	REGIONAL JAIL			
Mr. Wright stated the Regional Jail sent a letter requesting the balance of the 2 nd quarter bill that is just over \$61,000 and he needs approval from the Board if they wish to pay the remaining balance.				
Mr. Leonard asked if we received answers from the other localities.				
Mr. Wright stated emails were sent to the localities and they are willing to discuss it but are not interested going too far with complaining to the state. Upon attending a VACO Conference one of the breakout sessions was on public health and safety followed by EMS meetings however, the state's focus is on education and public health. He stated the problem is their priorities do not marry with a lot of localities such as ours and they do not want to discuss the state taking financial responsible for their own inmates. In one EMS session a state representative said EMS is not a state issue it is a local issue. He recommended getting a joint letter together to present to the state expressing our displeasure but stated the other localities do not seem to want to go any further than that.				
Mr. Leonard asked about the answer to Wise County and Scott County having over half of their population being pulled out from April to September verses ours.				

Mr. Wright stated the answer he received from the Director of the Regional Jail, Mr. e, was that the way the numbers worked out and they are a little misleading. He stated he eeting scheduled with Mr. Osborne for next week to get more detail on this matter.
Mr. Leonard stated yes they are very misleading.
Mr. Wright stated what Mr. Osborne was saying is the length of the sentencing Lee is getting through their court system is a lot different than what we are seeing in t counties. He stated he should be getting more information on this next week.
Mr. Leonard stated we should be able to get all of that information on the length of time ones taken out of Scott County and Wise County from April-July that's available to us led each County has a list.
Mr. Wright stated they didn't give him specifics on the length of time and isn't sure how rks.
Mr. Leonard stated the list has their sentence time on it.
Mr. Wright stated he has the meeting scheduled and they are working on some detail.
Mr. Waddell asked if the other counties we okay with paying this money.
Mr. Wright stated no they are not okay with it but they do not have the stomach to do g and it's not a priority for the state. He stated if you annualize the \$61,000 that is a lot ey that could be used for EMS.

Mr. Waddell asked what the period of time the \$61,000 is for.
Mr. Wright stated it's for the 2 nd quarter.
Mr. Leonard stated that amount is for two-year inmates it doesn't include one-year inmates.
Mr. Wright stated in the past one-year state inmates were state responsible and they decided to move it to two-year.
Mr. Leonard stated apparently it doesn't matter how many years they have. He asked Mr. Wright for his recommendation on the $61,000\ 2^{nd}$ quarter bill.
Mr. Wright stated he is requesting the Board pay the \$61,000 2 nd quarter bill.
It was moved by Mr. Waddell, seconded by Mr. Shoemaker, to approve the balance of the 2nd quarter Region Jail invoice in the amount of \$61,067.76. Upon the question being put the vote was as follows.
VOTING AYE: Mr. Flanary, Mr. Kidwell, Mr. Leonard, Mr. Shoemaker, Mr. Waddell
Mr. Kidwell requested this information be made public that the County is paying \$61,067.76 per quarter of Lee County tax payer money that we should not have to pay, on state responsible inmates per the contract.
There was a discussion about the County paying the bill for state responsible inmates.

Mr. Wright reported he was able to get CSA reports in the Board packet and he is continuing to work with DSS on getting financials and these are reconciled numbers. He stated DSS and CSA are separate programs and he discovered that CSA does not fund any type of budget for administration for that program and they only get \$17,286 per year, therefore DSS funds have to manage the CSA program. The DSS has 7 people that complete duties for CSA but these duties are not their full time position and is split between the 2 entities. The CSA cost for the month of October was \$554,000 but the county's liability for these expenses is only \$106,000.

NEW BUSINESS

BOARD APPOINTMENTS

BUILDING CODE APPEALS

It was moved by Mr. Leonard, seconded by Mr. Kidwell, to table this appointment. Upon the question being put the vote was as follows.

SUPPORT OF VIRGINIA AMERICA 250 COMMISSION

Mr. Wright stated the Lee County Board of Supervisors has been requested to pass a resolution in support of the Virginia American 250 Commission initiative to plan and coordinate events with localities such as Lee County to celebrate this milestone. This resolution will support

the Lee County Tourism Committee in their efforts to hold programs designed to commemorate this historic 250th anniversary while working with the Virginia American 250 Commission created by the General Assembly.

It was moved by Mr. Leonard, seconded by Mr. Waddell, to adopt the following resolution. Upon the question being put the vote was as follows.

VOTING AYE: Mr. Flanary, Mr. Kidwell, Mr. Leonard, Mr. Shoemaker, Mr. Waddell

RESOLUTION

SUPPORT OF VIRGINIA AMERICA 250 COMMISSION 24-017

WHEREAS, The Lee County Board of Supervisors is dedicated to the furtherance of economic development and tourism in Lee County; and

WHEREAS, The Virginia America 250 Commission (VA250) was created in 2020 by the General Assembly for the purpose of preparing for and commemorating the 250th anniversary of Virginia's participation in American independence; and

WHEREAS, VA250 has requested that each locality form a committee to aid in plam1ing for the commemoration period.;

NOW, THEREFORE, BE IT RESOLVED, the Lee County Board of Supervisors hereby desires to support the Virginia America 250 Commission and their efforts to commemorate this historic 250th amliversary of Virginia's participation in American independence by instructing the Lee County Tourism Committee to form a local VA250 committee to plan and coordinate programs occurring within the locality and communicate regularly with VA250 to coordinate all events for the commemoration period.

REPORTS AND RECOMMENDATIONS OF THE COUNTY ADMINISTRATOR

UPDATE ON VACO MEETING AND COUNTY REASESSMENTS

Mr. Wright stated he attended the VACO meeting and encouraged the Board to attend next year's meeting, stating the budget session alone was worth the trip. They reviewed the priorities for the state, what they wanted to address and why they were addressing it.

He stated the reassessment is going well but it is slow and he doesn't feel like it can be completed by December 31 st . He stated Ms. Munsey has put together some documents to present to the judge to request a 90 day extension. However, he does believe this can be completed by the end of February.				
Mr. Leonard stated December 31 st is the deadline and asked why they can't get this done				
Mr. Wright stated in April when they started there were issues with getting certified to do the reassessment. Therefore, they didn't get started until up in the summer. He reported 6,000 cards of the estimated 22,000 have been entered with the exception of 1,000 received today. The assessment company is reporting they will have the remaining cards in by the end of the month. He stated it will take the four people entering the cards 50 hours to enter the information assuming they work on it 1 hour a day.				
Mr. Leonard stated the trouble with going through an extension is it's going to put pressure on the Board with the two billing cycle and he doesn't see how they will have time to do it.				
Mr. Flanary stated with the budget this will make it rough.				
Mr. Wright stated it will be tough and the problem is we either we file for an extension o we are due to the deadline that isn't physically possible to meet.				
Mr. Leonard advised not giving them any more money until the reassessments are complete.				
Mr. Shoemaker asked if the County entered into a contract with a company that isn't qualified or legal to do the work.				

qualified. He stated the reassessment company is paying 4 County employees a couple of hours a day to enter the data. He stated if all the cards were in now it would take until December 15th to enter all the data. He explained the process of the Equalization Board and meeting with the citizens after the data is entered. He stated this is not perfect but a tax rate will have to be set soon for the split billing. Mr. Waddell asked if the Equalization Board needs to be appointed soon. Mr. Wright stated yes everyone needs to be thinking about who they want to appoint. Mr. Waddell asked how many people are on the Equalization Board. ______ Mr. Wright stated one from each district and they do have to meet certain qualifications. 2016 FORD ESCAPE Mr. Wright stated the 2016 Ford Escape is down and the county mechanic stated there is an issue with the block in this year Escapes and believes this is what's happening. He instructed our mechanic to tear the top out of the motor to confirm the issue and if the vehicle will need to be replaced. COMMISSIONER OF REVENUE COPIER Mr. Wright reported the copier in the Commissioner's Office is down and is too old to get parts for. He sent out for quotes for a comparable copier and received one for \$1,500 which is within his approval.

Mr. Wright stated there was some question about some paperwork that wasn't filed with

the state or miss coded and it took a few months to work through that and added they are fully
